

### **Flex-Pay Payroll Services**

Flex-Pay offers payroll software, time and attendance solutions, HR data tracking and cafeteria plan administration. With over 3,000 clients that range in size from 1 employee to over 3,000 employees. Our clients come from all industry segments; we do not focus on a target market as we are able to provide excellent service and expertise to any business with a payroll.

Flex-Pay holds a strong reputation as a regional payroll provider serving companies in all 50 states for 17 years with excellent customer service and competitive pricing against the national providers. Our ability to provide our clients with reports and a variety of products they need when they need them without additional charges and with individualized customer service sets us apart! NCBA members are eligible for an in-depth payroll analysis from Flex-Pay at no cost and special rates, contact us today for details!
